Institutional Characteristics Overview

Welcome to the Institutional Characteristics (IC) survey. This survey collects important information about your institution's mission, admissions, students services, and student charges.

Much of the data reported on the IC survey appear on the NCES College Navigator, a college search service for students. It is important to report data correctly, as College Navigator is only updated once a year after IC data have been reviewed, so errors may stay on the website for a full year.

Additionally, the pricing data are used to calculate the net price of attendance in the Student Financial Aid survey. This has important implications for what students see about your institution, and also for the net price watchlists.

Remember, it is the responsibility of the keyholder to provide NCES with accurate data about the institution. Please never hesitate to call the IPEDS Help Desk and ask for help to make sure that you are reporting correctly!

Changes to Institutional Characteristics:

- Doctor's-Professional Practice tuition will be collected for 9 selected programs.
- This survey component has been reordered, due to moving some of the items to the IC Header.

Reviews of the IC survey indicate a number of places where many people make errors. Please review the common errors listed below to ensure your institution does not make any reporting errors which may affect your institution's appearance to students and others.

- **Do not try to outsmart fatal errors.** In some cases, this provides false information to students or may cause an institution to appear on a watch list. Fatal errors are there for a reason - contact the Help Desk at 877.225.2568 and they will happily help you to figure out what you are doing incorrectly, or provide an override if necessary.
- Admissions data are for first-time students only.
- Many institutions are open admission but indicate that they are not. If your institution only requires a GED or other high school equivalent and/or an ability to benefit test, your institution is open admission.
- If your institution makes numerous exceptions to an on-campus housing requirement, you should not indicate that you require students to live on campus. This leads to inconsistent and problematic reporting on the Student Financial Aid survey.
- Program reporters need to report tuition, fees, and living expenses for the entire length of the program for which they are reporting. This has major implications for the calculation of net price.

Estimates should be based on the definitions used in the IPEDS Fall Enrollment component submitted during the spring collection (for academic institutions report an estimate of the students that are/will be enrolled as of October 15, 2010; for program reporter institutions report an estimate of students enrolled in your institution at any time between August 1 and October 31, 2010). Prior year (PY) Fall Enrollment counts are provided for reference.

Part D - Student Charges - Price of Attendance

11. Price of attendance for full-time, first-time undergraduate students:

Please enter the amounts requested below. These data will be made available to the public on College Navigator. Data for prior years may be corrected. If your institution participates in any Title IV programs (Pell, Stafford, etc.), you must complete all information for the current year. Estimates of expenses for books and supplies, room and board, and other expenses are those from the Cost of Attendance report used by the financial aid office in determining financial need. Please talk to your financial aid office to get these numbers, to ensure that you are reporting correct numbers.

Leave items that do not apply blank and the system will fill in as "not applicable" or indicate that more information is needed. For example, if your institution was not open in 2007-08, leave those cells blank and call the Help Desk to override any errors. DO NOT attempt to overcome the errors by entering false data.

If the 2010-11 tuition and/or fees for entering students are covered by a tuition guarantee program, check the applicable box(es) under 'Tuition Guarantee'. Additionally, if the guarantee is not for a 0% increase, please indicate the maximum % increase guarantee.

Institutional Characteristics Component Summary
Academic Year Reporters

IPEDS collects important information regarding your institution. All data reported in IPEDS survey components become available in the IPEDS Data Center and appear as aggregated data in various Department of Education reports. Additionally, some of the reported data appears specifically for your institution through the College Navigator website and is included in your institution’s Data Feedback Report (DFR). The purpose of this summary is to provide you an opportunity to view some of the data that, when accepted through the IPEDS quality control process, will appear on the College Navigator website and/or your DFR. College Navigator is updated approximately three months after the data collection period closes and Data Feedback Reports will be available through the ExPT and sent to your institution’s CEO in November 2011.

Please review your data for accuracy. If you have questions about the data displayed below after reviewing the data reported on the survey screens, please contact the IPEDS Help Desk at: 1-877-225-2568 or ipedshelp@rti.org.
