Organized by Katherine Ficklin

**Info Session**
Any Handshake student with a link to this event can view and RSVP

Come join us at AFTC's Virtual Internship Open House! The Air Force Test Center is headquartered at Edwards AFB, CA and leads the developmental test and evaluation mission for the United States Air Force. AFTC conducts developmental test and evaluation of air, space and cyber weapon and flight systems to provide timely, objective and accurate information to decision makers. AFTC operates across 34 locations with our 3 major locations being the Arnold Engineering Development Complex, headquartered at Arnold AFB, TN; 412th Test Wing, headquartered at Edwards AFB, CA; and the 96th Test Wing at Eglin AFB, FL. This fun, no-pressure event will include presentations from each of our wings and we will be inviting candidates to interview with us to fill our over 30 internships for Summer 2024. The majors we are looking for include Aerospace Engineering, Computer Engineering, Computer Science, Electrical Engineering, Engineering Physics, Mechanical Engineering, Mathematics/Statistics.
