ADMISSION REQUIREMENTS:

All applicants for a Master’s degree must comply with the following requirements:

1. Complete the admission application form.
2. Pay a $50.00 admission fee (non-refundable).
3. Submit an official academic transcript directly from the university where the applicant obtained his/her Bachelor’s degree, and a graduation certificate that includes the general grade point average* (document not required for alumni of the Polytechnic University of Puerto Rico). These documents must be sent directly by the institution to the Office of Graduate Affairs of the Polytechnic University of Puerto Rico, to the address at the bottom of this page.
4. Submit a copy of birth certificate (current format) or valid passport.
5. Demographic Information Sheet (Optional. Used only for statistical purposes).

INTERNATIONAL APPLICANTS WITH FORM I-20

1. Complete the admission application form.
2. Pay a $60.00 admission fee (non-refundable).
3. Submit an official transcript certified by the educational institution of origin and validated by the Ministry of Education of the applicant’s home country as well as a U.S.A. academic equivalence certification for the degree obtained, made by an accredited evaluation firm (World Education Services, Inc.; Educational Evaluation, Inc.; etc.). The academic equivalence certification must include the equivalent U.S.A. degree with a detailed evaluation, course by course, of an official transcript from the educational institution in the candidate's home country. These documents must be sent directly by the institution to the Office of Graduate Affairs of the Polytechnic University of Puerto Rico.
4. Submit a sworn statement by the person who will cover education expenses, stating the annual amount assigned for this purpose.
5. Submit a copy of the income tax return of the person who will cover education expenses or, if self-financed, submit a letter from the applicant’s banking institution certifying availability of funds to cover education expenses.
6. Demographic Information Sheet (Optional. Used only for statistical purposes).
7. Submit copy of valid passport.

APPLICANTS WITH VETERAN BENEFITS

1. Submit certificate of eligibility (DD–214) issued to the institution. For more assistance, you may contact the Coordinator of Veteran Affairs at the Registrar’s Office

MASTER’S

• Master in Engineering Management
   Student must have a Bachelor’s degree in Engineering from an accredited university, with a minimum grade point average of 2.50*/4.00.

• Master in Business Administration
   Student must have a Bachelor’s degree in any discipline (including Business Administration) from an accredited university, with a minimum grade point average of 2.50*/4.00.

• Master in Environmental Management
   Student must have a Bachelor’s degree in Natural Sciences from an accredited university, with a minimum grade point average of 2.50*/4.00.

• Master in Manufacturing Competitiveness
   Student must have a Bachelor’s degree in Engineering, Natural Sciences, Business Administration, or an equivalent degree in any field related to industrial manufacturing from an accredited university, with a minimum grade point average of 2.75*/4.00.

• Master in Manufacturing Engineering
   Student must have a Bachelor’s degree in Engineering from an accredited university, with a minimum grade point average of 2.75*/4.00.

• Master in Civil Engineering
   Student must have a Bachelor’s degree in Civil Engineering from an accredited university, with a minimum grade point average of 2.75*/4.00.

* Candidates with less than the required grade point average may be considered by the Reconsideration Committee.
• **Master in Electrical Engineering**
  Student must have a Bachelor's degree in Electrical Engineering or another related Bachelor's degree (subject to verification and approval) from an accredited university, with a minimum grade point average of 2.80*/4.00 in general courses and 3.00*/4.00 in specialty courses.

• **Master in Computer Engineering**
  Student must have a Bachelor's degree in Computer Engineering or another related Bachelor's degree (subject to verification and approval) from an accredited university, with a minimum grade point average of 2.80*/4.00.

• **Master in Computer Sciences**
  Student must have a Bachelor's degree in Computer Science or another related Bachelor's degree (subject to verification and approval) from an accredited university, with a minimum grade point average of 2.80*/4.00.

• **Master in Mechanical Engineering**
  Student must have a Bachelor's degree in Mechanical Engineering or another related Bachelor's degree (subject to verification and approval) from an accredited university, with a minimum grade point average of 2.80*/4.00.

• **Master in Geospatial Sciences and Technology**
  Student must have a Bachelor's degree in any discipline from an accredited university, with a minimum grade point average of 2.75*/4.00.

• **Master in Landscape Architecture**
  Student must have a Bachelor's degree in Science of Landscape Architecture, Architecture, or any other related Bachelor's degree (subject to verification and approval). All of these degrees must be from an accredited university, with a minimum grade point average of 2.85*/4.00. Student will successfully pass a formal interview with the Admissions Committee of the Landscape Architecture program. Student will submit an essay (of approximately 1,200 words) that describes a local landscape architecture problem, accompanied by an image that represents the described problem.

• **Master in Architectural Conservation and Rehabilitation**
  Student must have a Bachelor's degree in any discipline from an accredited university, with a minimum grade point average of 2.75*/4.00.

• **Master in Sciences of Education in Natural Sciences and Mathematics**
  Student must have a Bachelor's degree in Education or another related Bachelor's degree (subject to verification and approval) from an accredited university, with a minimum grade point average of 2.50*/4.00.

* Candidates with less than the required grade point average may be considered by the Reconsideration Committee.
